Oonoonba State School students create artworks for the upcoming Fringe Ephemera in The Village

SIENNA CAMPBELL

Year 4, Oonoonba State School

The students of Oonoonba State School are making ceramic artworks to build a village for the Fringe Ephemera Exhibition so that everybody in Townsville can see our clay creations.

I made a little bird. It had a flat tail and a little beak. I decorated my bird with patterns made from pressing in pasta.

It's been really fun because you get to use the

clay and make one each. The clay feels hard and cold and it has sand in it. I like that the whole school is involved and we can all make a piece of artwork to build the clay village.

Every lunchtime my friends and I go to see Townsville ceramic artist Ebony Russell in the CPA to look at the new sculptures that the other classes have made. There have been houses, cars, cats, trees, flowers and fish. I can't wait till we get to paint them and see it on display in The Fringe Ephemera Exhibition on August 2.
