

MERCY REACH

The Sisters of Mercy, tireless workers for social equity

The contributions of the Sisterhood can be seen in the many local aged-care facilities, emergency homes and schools – and in the good works of the Mercy Foundation. They have been helping care for the sick and underprivileged of Townsville since 1878.

ARTWORK

The 'Mercy' design pays homage to the many women who have selflessly performed community service as members of the Sisters of Mercy. The bead shapes represent the Rosary beads the Sisters wore around their waists.

STAGE 11
